## **PTA Meeting Agenda - February 22nd, 2024**

- **Introductions**
- **Financial Report** – Brooke - \$2500 moved into savings account. Won two more Smart Boards to put around our school. Re-donated one of them to FMHS that we couldn't even find a home for.
- **Principal's Update** – Corey - S. Weber moved into librarian position so we need to fill her interventionist spot- 6.3 hours a day/5 days a week. Qualifications-love working with kids! Can be trained by K. Pollert. Pass the word around and let Corey know if you know of anyone!
- **Erin Allard** - Talking to Todd about our playground situation. Erin is learning grant writing! We need to show, as a school, that we have raised some money and have a plan. Her plan is to sell raffle tickets. There would be a prize for each grade level for the student selling the most raffle tickets. The prize will be thousands of dollars, hoping businesses will donate for this. 2-3 weeks of selling tickets, \$1 ticket, possibly digital to get them to distant relatives. Silent Auction items-AIR BNB, stays in Ouray, etc. There will be an in-person gathering/event-Silent Auction, cash prize winner would be announced that night. Could have visuals of the equipment there and perhaps families would want to purchase/donate entire piece. How are we going to show that we've made an effort to raise money and get the ball rolling? Open to ideas...Erin and her mom are willing to head the project up but they need some support. Extended Hours money-\$35,000 and \$66,000 in PTA account. Would need \$200,000 for the playground. But if Erin can show that we've raised \_\_\_\_\_ amount, that will go a long way in her grant writing! Other ways to raise some money...Bingo Night? Bake Sales at events? April or May? Art Night? Donation boxes announcing that money goes toward playground improvements at various places-Culvers, etc. Donate to buy a brick, get family names engraved and put on playground. More banners with family names to hang up. Create videos promoting the
